Dear Ben Lobb,

I would like to notify you of neo-Nazi activity underway in Goderich.

I have sought your open condemnation of white supremacist networks previously but have so far been met with your disturbing silence.

I encourage you once again to make a public and unequivocal denunciation of white supremacy in our communities.

Please refer to the link below or refer to the Canadian Anti-Hate Network for information on the recent gathering of white supremacists in Goderich.

Urgently,

Patrick Corvyn, RN
